

Network Engineer

The Network Engineer is responsible for planning, directing, designing, coordinating and administering the network systems and subsystems including servers, cabling, hardware, software, wireless network, cloud-based infrastructure platforms, cloud-based applications and network security systems. Duties also include resolving operations issues, providing information and direction for the network lifecycle planning and maintenance.

A Bachelor's degree in a related field is required, along with three years of experience working with Microsoft servers, VMWare platforms and imaging applications such as SCCM and MS Intune. A minimum of three years of experience managing infrastructure such as routers, firewalls, switches and wireless access points. A minimum of two years of experience managing user directories and email systems and two years of experience with G-Suite and Microsoft Azure platforms. Demonstrated leadership and organizational skills.

Knowledge, Skills, Ability:

- Knowledge of and experience implementing industry best practices for network security; information technology related compliance regulations imposed by federal, state, international and fiscal requirements and best practices for disaster recovery and business continuity plans at various levels in an organization.
- Ability to work with faculty, staff and students of diverse backgrounds and perspectives on the use of technology in a learning environment.
- Ability to work independently as well as collaboratively in a team environment.
- Strong communication skills.

Qualified candidates should send cover letter and resume to Director of Information Technology, Brevard College, 1 Brevard College Drive, Brevard, NC 28712 or email to dewittwm@brevard.edu.

Review of applications will begin immediately and will continue until the position is filled.

In order to provide a safe and productive learning and living environment, Brevard College conducts background investigations on all final candidates being considered for employment. Brevard College seeks to recruit and retain a diverse workforce, and encourages qualified candidates across all group demographics. Brevard College is an Equal Opportunity Employer.
