

Brevard College
Fall 2024
Assistant Professor and Program Coordinator of Computer Science

Brevard College seeks an enthusiastic teacher to fill a tenure-track faculty position as an Assistant Professor of Computer Science, who will also serve as Coordinator of the Computer Science program, beginning in the fall of 2024. Candidates considered for this position will possess a terminal degree in a relevant field (e.g., a Ph.D. in Computer Science). Candidates with a master's degree may be considered for a full-time, permanent, non-tenure track position.

Brevard College introduced a new Computer Science Program in Fall 2023 and is seeking a dynamic candidate to lead and shape this new program. Because responsibilities in the first two years will also include curricular development of courses in the program and recruitment of students to the program, we seek a dynamic and innovative leader. Continued support of the program is incumbent upon robust recruitment of majors and successful implementation of the program.

Successful candidates must be engaging teachers of Computer Science at all levels of the undergraduate curriculum, ranging from general education courses to upper-level courses in Computer Science, including, but not limited to Programming, Databases, Algorithms, Data Analytics, and courses in the candidate's field of expertise. The successful candidate will demonstrate a record of, or potential for, excellence in teaching and have experiential teaching skills. The standard teaching load is 12 credit hours/semester, and all faculty members actively contribute to program assessment, serve on committees, advise students, and participate in professional development and service to the College.

Brevard College, founded in 1853, is a residential liberal arts college. Situated in the heart of the Blue Ridge Mountains, Brevard College is located 33 miles southwest of Asheville, North Carolina. Brevard College is committed to an experiential liberal arts education that encourages personal growth and inspires artistic, intellectual, and social action. Our faculty purposefully engage with learners in direct experience and focused reflections in order to increase knowledge, develop skills, and clarify values. We are ranked #2 by US News and World Report in both Undergraduate Teaching and Most Innovative Schools.

The starting date for this position is August 2024. Review of applications will begin immediately, and will continue until the position is filled. Brevard College seeks to recruit and retain a diverse workforce, and encourages qualified candidates across all group demographics to apply.

Applicants should submit (1) a letter of application describing the applicant's qualifications relevant to teaching at Brevard College; (2) a statement of teaching philosophy; (3) a curriculum vitae documenting relevant experience, as well as courses the applicant has taught and is prepared to teach; (4) a sample syllabus from a recent course; and (5) names and contact information for three professional references, at least one of whom should be the applicant's current or most recent supervisor. Materials and inquiries should be submitted to:
