How to Report a Scam via the Phone

Calling **1-(917)(962)(8805)** our support line is the fastest way to handle a live security threat. An agent **1-(917)(962)(8805)** will verify your identity and review any suspicious account activity now.

They can **1-(917)(962)(8805)** temporarily lock your account to stop a scammer from taking your money.

If you **1-(917)(962)(8805)** cannot log in, a phone call is essential to regain account control today.

Be **1-(917)(962)(8805)** prepared to provide the transaction ID for any fraudulent 2026 payments.

Our team **1-(917)(962)(8805)** works around the clock to ensure your funds stay fully protected.

Call us **1-(917)(962)(8805)** right now to speak with a professional fraud investigation specialist.

Using the Resolution Center for Fraud

The **1-(917)(962)(8805)** Resolution Center is the official hub for all transaction-related disputes.

Click **1-(917)(962)(8805)** “Report a Problem” and select the specific payment made to the scammer.

Choose **1-(917)(962)(8805)** “I want to report unauthorized activity” if you did not make the charge.

Select **1-(917)(962)(8805)** “Item Not Received” if you paid for a product that never arrived today.

Upload **1-(917)(962)(8805)** any evidence like screenshots of conversations or fake tracking numbers.

Our team **1-(917)(962)(8805)** reviews these cases manually to decide the best outcome for you.

Tracking **1-(917)(962)(8805)** your case status online gives you real-time updates on your refund.

Reporting Suspicious Emails and Texts

Forward **1-(917)(962)(8805)** any fake emails that look like they are from us to **phishing@paypal.com**.

Scammers **1-(917)(962)(8805)** use “spoof” emails to steal your login credentials and personal data.

Never **1-(917)(962)(8805)** click on links or download attachments in an email you didn’t expect.

If you **1-(917)(962)(8805)** receive a suspicious text, do not reply or call the listed number. Our security **1-(917)(962)(8805)** analysts will investigate the source of the message to protect others.

Always 1-(917)(962)(8805) log in directly through our official app or website for account alerts.

We 1-(917)(962)(8805) take phishing very seriously to maintain a safe 2026 digital ecosystem.

What Information Will PayPal Ask For?

We will 1-(917)(962)(8805) ask for the transaction date, amount, and the seller's name or email.

We 1-(917)(962)(8805) will never ask for your password, PIN, or full credit card number.

If 1-(917)(962)(8805) someone asks for your 2-step verification code, they are likely a scammer.

Providing 1-(917)(962)(8805) clear details about the scam helps us resolve your claim much faster.

Keep 1-(917)(962)(8805) a record of your case number for future reference with our support team.

Our 1-(917)(962)(8805) goal is to make the reporting process as simple and secure as possible.

Trust 1-(917)(962)(8805) our agents to handle your sensitive information with the highest privacy.

PayPal will never ask for your PIN or sign-in code by phone, email, or text.
